## Facelift for the Mercedes-Benz G-Class

DaimlerChrysler Japan Co., Ltd. (President: Hans Tempel; Head office: 9-9, Roppongi 1-chome, Minato-ku, Tokyo) launches updated models of the Mercedes-Benz G-Class. Beginning today the new top-of-the-line cross-country vehicles from the German brand are available at authorized Mercedes-Benz dealerships throughout the country.

To enhance the safety of the G-Class even further, two innovative lighting systems are available as standard features in both models. The Active Light System, included in the bi-xenon headlamps, causes the headlamps to follow the steering movements of the driver in keeping with vehicle speed, thereby improving the visibility of the road ahead at night. The cornering light function assists the driver when the vehicle is entering a turn at low speeds.

The **G 500 long** features the Mercedes' original technology "7G-TRONIC", the electronically controlled seven-speed automatic transmission, which offers smooth and refined driving quality and even higher fuel efficiency.

The **G 55 AMG long**, powered by overwhelming AMG 5.5-liter V8 engine with supercharger, has increased its output to 368 kW/ 500 hp (+18 kW/24 hp from the previous model). The high-performance version of the G-Class delivers outstanding power appropriate for the top-of-the-line cross-country vehicle from Mercedes-Benz.

The nationwide retail prices (including consumption tax) of the facelifted G-Class models are:

Model name	Steering	Suggested nationwide retail price ( ): price without consumption tax
<b>G 500 long</b>	LHD	<b>¥12,100,000 (¥11,523,810)</b>
<b>G 55 AMG long</b>	LHD	<b>¥16,500,000 (¥15,714,286)</b>

\* Note: The prices indicated above do not include accessories, taxes (other than consumption tax), insurance premiums, and registration expenses.

The customer must separately pay a recycling fee required by the Automobile Recycling Law.

Owners of the Mercedes-Benz G-Class enjoy the benefits of Mercedes Care, the warranty system which provides 24-hour touring support as well as free repair and maintenance for three years with unlimited mileage.
